

# A History Of Service

1938 to 2018

In early 2017 the Allegany County Town Highway Association Executive Board created a History Committee for the purpose of researching and documenting past & present Highway Superintendents' years of service to their respective Allegany County Towns. Allegany County DPW Superintendents and Village Superintendents are also included in this publication.

Information has been solicited from the Towns and Villages to supplement research gathered from archives at the County Board of Elections. This document (in electronic form) is considered a "Living Document" and updates will be done upon presentation of documented proof of information.

This has been an insightful and entertaining project and we hope you enjoy reading through the pages of this book. Thank you for the opportunity to be part of this project.

**Committee Chairman: William A. "Bill" Nichols, Town of Belfast; Retired**

**Committee Member: Guy James, Allegany County DPW Superintendent**

**Committee Member: Paul Miller, Town of Hume; Retired**

## **Notes:**
